Regina Exhibition Association Ltd Has Achieved GBAC STAR™ Facility Accreditation

REGINA, SK – Regina Exhibition Association Ltd (REAL) is pleased to announce it has achieved Global Biorisk Advisory Council® (GBAC) STAR™ accreditation, the gold standard for prepared facilities. Under the guidance of GBAC, a Division of ISSA, the worldwide cleaning industry association, REAL has implemented the most stringent protocols for cleaning, disinfection and infectious disease prevention within all of its campus facilities.

As the cleaning industry's only outbreak prevention, response and recovery accreditation, GBAC STAR™ helps organizations establish protocols and procedures, offers expert-led training and assesses a facility's readiness for biorisk situations. The program verifies that REAL implements best practices to prepare for, respond to and recover from outbreaks and pandemics.

“GBAC STAR accreditation empowers facility owners and managers to assure workers, customers and key stakeholders that they have proven systems in place to maintain clean and healthy environments,” said GBAC Executive Director Patricia Olinger. “By taking this important step to pursue GBAC STAR, Regina Exhibition Association Limited has received third-party validation that it follows strict protocols for biorisk situations, thereby demonstrating its preparedness and commitment to operating safely.”

To achieve GBAC STAR™ accreditation, REAL was required to demonstrate compliance with the program's 20 core elements, which range from standard operating procedures and risk assessment strategies to personal protective equipment and emergency preparedness and response measures. Learn more about GBAC STAR accreditation at www.gbac.org.

“The health and safety of every guest to our Campus is paramount,” said Tim Reid, President & CEO of REAL. “We hope that by achieving the GBAC STAR Facility Accreditation everyone who comes to our Campus will have piece of mind knowing our facilities are cleaned and maintained to the highest standards.”

Tim Reid, the President and CEO of REAL, will be available to media at 2 p.m. today regarding this announcement. Reporters can meet inside the main entrance to the AffinityPlex.
