FOR IMMEDIATE RELEASE

## Public encouraged to share feedback about parking at Evraz Place

The Regina Exhibition Association Limited (REAL) is asking for the public's feedback about parking and exit wait times at Evraz Place.

Regina and area residents are encouraged to complete a survey as the first step in a public engagement process that will inform a renewed parking plan for the 100-acre property. The goal of getting the public involved is to listen to their concerns and help identify ways to resolve parking and exit wait time issues at Evraz Place.

"Evraz Place facilities operate year-round, often with many events taking place at the same time," said Tim Reid, REAL President and CEO. "Parking congestion at peak times can be a challenge, and we've heard public feedback that we're not meeting expectations. We're looking to the public to share their input into how we can resolve the issues and improve guest experiences."

Survey feedback will influence a parking and egress plan that will be shared with the public later this year. The plan will outline solutions to ease traffic congestion when guests leave the Evraz Place property.

"When our parking lot is full, it can take upwards of 40 minutes to get about 3,500 cars off the property, and that's not meeting anyone's expectations," said Reid.

The survey can be accessed on the home page of [evrazplace.com](http://evrazplace.com).
